Art Gorski mentioned that Apple will have an online "event" on September 15 entitled "Time Flies." It is expected to focus on the Apple Watch Series 6 and new iPads. A separate online event is expected in October to focus on iPhones. Normally, iPhones are the focus of the annual September event, but the expectation is that iPhone announcements are delayed this year due to Covid-19 related delays.

Upcoming PMUG Zoom meetings include:

MAC brunch on September 23 at 10 AM.

[SIG] September 28 at 1PM – Frank Croft – iPhone health apps

**Short Topic: iOS tips and tricks**

John Carter discussed and demonstrated a number of useful iOS tips and tricks. A presentation with 32 tips and tricks can be accessed on the PMUG website.

**Long topic: Google Earth**

Frank Croft demonstrated the web-based version of Google Earth. Go to [earth.google.com/web](http://earth.google.com/web) to access the web version. Apparently, Google is no longer going to maintain the Google Earth app, so the app's content and functionality will eventually be dated or discontinued.
